In developing slates of nominees, the committee will also consider areas of expertise or specialization within psychology, stage of career (early, mid, late) and other aspects of diversity that are relevant to the committee's mission.

### **Committee Summary**

The committee's current strategic goals include promoting the health and well-being of all women, nationally and internationally; identifying and eliminating discriminatory and exploitive practices against all women, nationally and internationally; promoting the unique contributions of women to psychology; enhancing women's leadership within and outside of APA; monitoring activities of groups within the APA to assess the impact on women; collaborating with others as needed to achieve the empowerment of underrepresented groups; and advocating for public policy that enhances the lives of women, nationally and internationally.

### **APA Strategic Plan**

APA is engaged in a process of transformation, placing a much greater emphasis on making an impact that clearly benefits society and improves lives. In February 2019, the governing body of APA, the Council of Representatives, adopted a new strategic plan that sets APA's organizational priorities for the next three to five years. Going forward, boards and committees will work in an integrated, collaborative, and multi-disciplinary manner since no single board or committee can achieve any of the plan's objectives on their own. Given the importance of this approach to the Association's strategic priorities,

APA encourages nominees to the Committee on Women in Psychology to review the [strategic plan \(PDF, 722KB\)](#) to become familiar with the larger context in which their expertise and interests will contribute to APA's success.

**The committee shall consist of six members. It shall report to council through the [Board for the Advancement of Psychology in the Public Interest \(BAPPI\)](#).**

As APA continues its transformative work of implementing the [APA Strategic Plan](#), BAPPI does so with a focus on Goal 1: Making an impact on critical societal issues. As a result, BAPPI has identified its primary strategic initiative: Mitigating Bias, Stigma, and Discrimination (BSD) to Advance Equity, Diversity, & Inclusion on which to focus its work, in coordination with Public Interest Committees.

Public Interest Committees will be instrumental in supporting a wide array of APA strategic initiatives, as it relates to the BSD Initiative including, but not limited to: State/Local Advocacy, Intersectional Racial Equity Issues, Health Inequities, and Climate Change.

A strong interest, passion, or expertise in any, or all of these topic areas is highly recommended.

### **Position Requirements**

Committee on Women in Psychology members are required to attend one in-person meeting each year in Washington, D.C., with expenses reimbursed by APA (pending Coronavirus related travel restrictions). Dates for the 2024 meeting are March 22-24. Committee members also work on CWP priorities between in-person meetings and will be expected to participate in bi-monthly virtual meetings, a series of virtual meetings in the fall, and regular listserv discussions. In addition, CWP members are encouraged to attend CWP related symposia and events at the APA Annual Convention if possible, though expenses cannot be reimbursed.
